1.0 PREAMBLE

1.1 Introduction

The Heritage-Social Studies syllabus covers Infant and Junior school cycles in primary education. The syllabus covers the social history of the people of Zimbabwe, cultural interdependence, local cultures, heritage values and religious practices.

The focus of the syllabus is on facilitating the learner to become a responsible member of his / her family and of Zimbabwe. It has a thrust on Zimbabwean identity, norms and values through the inclusion of aspects of heritage studies, thus upholding the spirit of Unhu/Ubuntu/Vumunhu (societal norms and values). It is envisaged that the syllabus will produce learners who are patriotic, diligent and prepared for diverse vocation and creative businesses.

1.2 Rationale

Heritage-Social Studies embraces the Zimbabwean constitution, patriotism, national identity, national symbols and factors of production such as land, capital, labour and enterprise. It also encompasses the history, traditions and social qualities which are considered an important part of Zimbabwe's image. Social Studies is the study of people and their relationship with the environment. Heritage-Social Studies moulds the human character and is the foundation of Unhu/Ubuntu/Vumunhu. It develops a spirit of national consciousness and patriotism through interest and involvement in national affairs, conservation and ownership of natural heritage. It develops in the learner, skills of critical thinking, problem solving, leadership and self-esteem, Information and Communication Technology (ICT) and resources management leading to social and economic development.

5.1 Methodology

A spiral approach should be adopted, beginning with the learner's immediate environment, broadening to an exploration of his/her wider community and finally extending to the wider world. Learners need to develop

appropriate

- (a) discussion
- (b) drama, role-play and simulation
- (c) song and dance
- (d) case studies
- (e) puppetry
- (f) gallery walk
- (g) research
- (h) futures wheel
- (i) miming
- (j) e-learning
- (k) group work
- (l) question and answer
- (m) Individual Early Learning Programme (IELP)
- (n) games

For adequate coverage of the syllabus, the following allocation is advised.

ECD : 2 periods of 20 minutes per week

Grade 1 and 2 : 3 periods of 30 minutes per week

Grade 3 to 7 : 4 periods of 30 minutes per week

9.2: Scheme of Assessment

Heritage-Social Studies will be assessed through a separate section in the General Paper and shall constitute 25%. The syllabus embraces both continuous and summative assessments.

9.2.1 Continuous Assessment (35%)

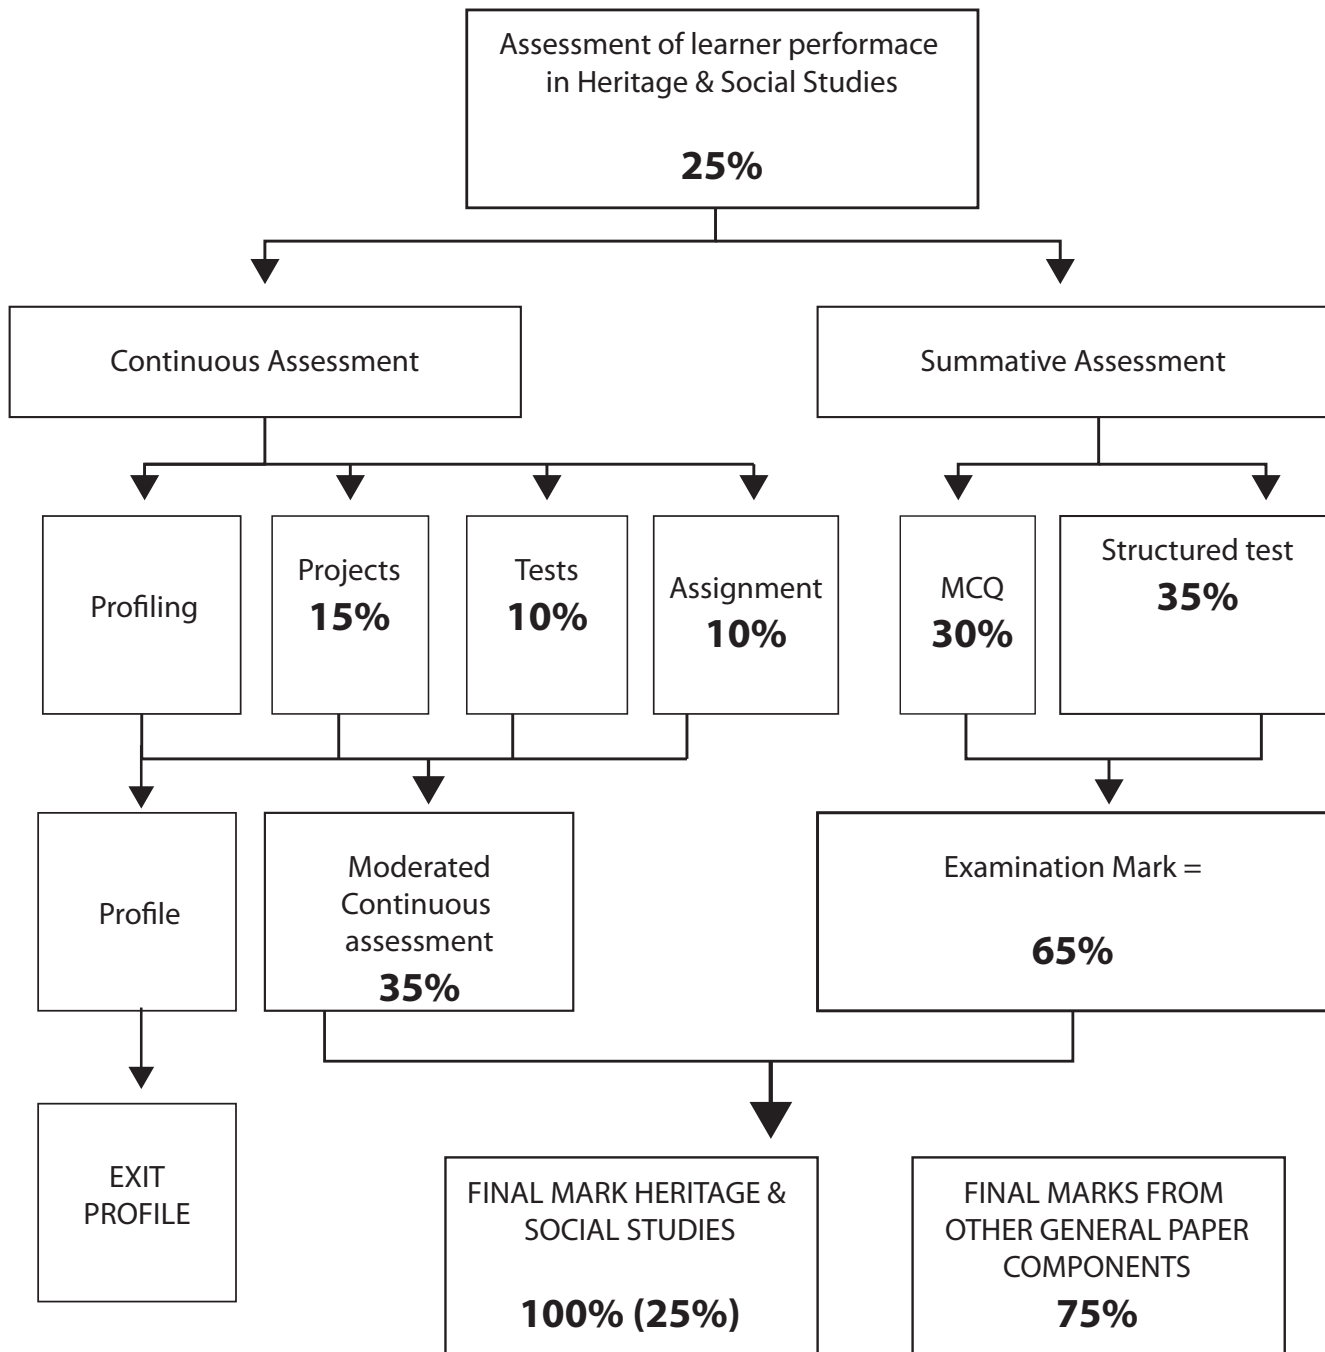

Continuous assessment shall involve projects, tests and assignments.

A learner is expected to produce a project portfolio at each of the following levels:

- Grade 3
- Grade 4
- Grade 5
- Grade 6
- Grade 7

NOTE: A profile system has to be developed for every child to capture those attributes that cannot be measured such as the soft skills. A folio comprises test results throughout the primary school on an annual basis and marks collated from the four prescribed projects. Observation schedules, checklists, tests and project tasks are to be set at district level and standardised nationally.

9.2.3 Assessment Model

The setting and designing of questions in Heritage-Social Studies are guided and informed by the skills weighting chart and the specification grid below:

9.2.4 Skills Weighting Chart

Heritage-Social Studies is a skill based study area which shall be assessed as follows:

Knowledge	40%
Comprehension	30%
Application	20%
Problem Solving	10%
